

Depth Marking Tool, 6 mm Tube OD

Part #: MS-DMT-6M0

Specifications

Cleaning Process	Standard Cleaning and Packaging (SC-10)
Connection 1 Size	6 mm
Flow Restrictor	No
eClass (4.1)	40020501
eClass (5.1.4)	21019090
eClass (6.0)	21019090
eClass (6.1)	21019090
eClass (10.1)	21019090
UNSPSC (4.03)	27111800
UNSPSC (10.0)	27112300
UNSPSC (11.0501)	27112300
UNSPSC (13.0601)	27112300
UNSPSC (15.1)	27112300
UNSPSC (17.1001)	27112303

Depth Marking Tools

Depth marking tool ensures accurate tube insertion depth—ideal for achieving consistent, leak-tight connections in high-performance fluid systems.

Contact

If you have questions about this product, please contact your local authorized sales and service center. They can also tell you about supporting services to help you get the most out of your investment.

The complete catalog contents must be reviewed to ensure that the system designer and user make a safe product selection.

When selecting products, the total system design must be considered to ensure safe, trouble-free performance. Function, material compatibility, adequate ratings, proper installation, operation, and maintenance are the responsibilities of the system designer and user.

Do not mix/interchange Swagelok products or components not governed by industrial design standards, including Swagelok tube fitting end connections, with those of other manufacturers.
