

Tube Facing Tool Cutting Insert

Part #: MS-TF-BIT

Tube Facing Tools

Our tubing cutter system is designed for precise cutting of tubing. It ensures clean cuts with minimal burring, enhancing sealing capability and cleanliness.

Contact

If you have questions about this product, please contact your local authorized sales and service center. They can also tell you about supporting services to help you get the most out of your investment.

The complete catalog contents must be reviewed to ensure that the system designer and user make a safe product selection.

When selecting products, the total system design must be considered to ensure safe, trouble-free performance. Function, material compatibility, adequate ratings, proper installation, operation, and maintenance are the responsibilities of the system designer and user.

Do not Mix/interchange Swagelok products or components not governed by industrial design standards, including Swagelok tube fitting end connections, with those of other manufacturers.
