

Stainless Steel In-Line Particulate Filter, 1/4 in. Swagelok Tube Fitting, 140 Micron Pore Size

Part #: SS-4F-140

Specifications	
Body Material	316 Stainless Steel
Cleaning Process	Standard Cleaning and Packaging (SC-10)
Connection 1 Size	1/4 in.
Connection 1 Type	Swagelok® Tube Fitting
Connection 2 Size	1/4 in.
Connection 2 Type	Swagelok® Tube Fitting
Feature	140 Micron Element Pore Size
Filter Element Size	140 Micron
Maximum Temperature, °F (°C)	900 (482)
Minimum Temperature, °F (°C)	-40 (-40)
eClass (4.1)	36101910
eClass (5.1.4)	36102090
eClass (6.0)	36102090
eClass (6.1)	36102090
UNSPSC (4.03)	40161500
UNSPSC (10.0)	40161516
UNSPSC (11.0501)	40161516
UNSPSC (13.0601)	40161516
UNSPSC (15.1)	40161516
UNSPSC (17.1001)	23271713

Inline Filters

Remove particulate contaminants in gas or liquid applications where space is limited (inline) or maintained while still in the system (tee-type) with Swagelok filters.

Contact

If you have questions about this product, please contact your local authorized sales and service center. They can also tell you about supporting services to help you get the most out of your investment.

The complete catalog contents must be reviewed to ensure that the system designer and user make a safe product selection.

When selecting products, the total system design must be considered to ensure safe, trouble-free performance. Function, material compatibility, adequate ratings, proper installation, operation, and maintenance are the responsibilities of the system designer and user.

Do not mix/interchange Swagelok products or components not governed by industrial design standards, including Swagelok tube fitting end connections, with those of other manufacturers.
