eClass (6.0)	21022110
eClass (6.1)	37020590
eClass (10.1)	37020590
UNSPSC (4.03)	27121703
UNSPSC (10.0)	31181503
UNSPSC (11.0501)	31181503
UNSPSC (13.0601)	31401700
UNSPSC (15.1)	31401700
UNSPSC (17.1001)	31163102

Back Ferrules

Back ferrule ensures a secure, leak-tight grip on tubing—ideal for maintaining critical sealing integrity in fluid and gas systems.

Contact

If you have questions about this product, please contact your local authorized sales and service center. They can also tell you about supporting services to help you get the most out of your investment.

The complete catalog contents must be reviewed to ensure that the system designer and user make a safe product selection.

When selecting products, the total system design must be considered to ensure safe, trouble-free performance. Function, material compatibility, adequate ratings, proper installation, operation, and maintenance are the responsibilities of the system designer and user.

Do not mix/interchange Swagelok products or components not governed by industrial design standards, including Swagelok tube fitting end connections, with those of other manufacturers.
